

ABOUT THE COURSE

The entire training programme is designed for Five (5) days specifically for delivering lecture and discussions on case studies. During the initial sessions, the focus would be on understanding the Constitution, interpretation and the jurisprudential background to the topics. Emphasis would be on environmental legislations including Environment Protection Act, 1986; Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981. Discussions on several contemporary issues and developments in the area of environmental law and management, both at the national and international level would be taken up. Recent judicial orders and decisions would be taken up as a part of discussion. Resource persons from law academia, practitioners, activists, industry experts are chosen to deliver sessions, to make the effort interdisciplinary. The technical sessions are of 90 minutes duration. The mode of discourse is mix of lecture and discussion method. The training program would also focus on a field trip to a nearby facility, followed by discussions.

Participants will have ample scope to learn from each other's experience post training sessions. Participants will be assigned a set of practical problems. These are guided sessions, woven within the programme. The participants are informed well in advance to prepare a small documentation of environmental challenges of their locale and also some solutions if found by members of their locality. They are asked to share the challenges along with probable solutions etc., with other participants. The session will bring out to the fore multiple environmental challenges and the possible solutions. The participants will be able to understand gamut of environmental challenges and also learn from comparison with others experiences. The programme will try to put the entire discussions and presentations in a frame work. All the participants are housed under one roof in National Law School of India University's International Training Centre. The participants are given ample space to interact during their stay for five days, after formal sessions of the training programme.

DELIBERATIONS ON FOLLOWING BROAD THEMES:

ABOUT NLSIU

The National Law School of India University, the Nation's premier law university, came into existence through a Notification under the National Law School of India University Act (Karnataka Act 22 of 1986). It signified the culmination of efforts by the Judiciary, the Bar Council of India, the Karnataka Bar Council, the Bangalore University and the Government of Karnataka to reform legal education and to establish a centre of excellence for legal education and research in India. The Law School has undertaken many research projects funded by the UGC, the Government of India, the Government of Karnataka, the Department of Women and Child Development, UN agencies, the World Bank, HIVOS, Department of Justice etc.

The Projects have served to strengthen research and teaching at the Law School. The National Law School of India University since its inception has taken proactive steps in

organizing conferences, seminars, workshops, refresher courses and certificate courses to update academicians, law teachers, students, industry personnel in different subject areas.

ABOUT CEERA

Centre for Environmental Law Education, Research and Advocacy (CEERA), established in 1997 is a benefactor of the Ministry of Environment and Forest (MoEF), Government of Karnataka, the Bar and the Bench in India and abroad.

Building an environmental law database, effectively networking among all stakeholders, building up an environmental law community and policy research in the area of environment are CEERA's main objectives. To achieve the aforesaid, CEERA has incessantly and successfully been able to build functional and professional linkages with government agencies and non-governmental organisations in India, the South Asian Region and at International levels. CEERA annually organises, a University Grants Commission recognized, One-week Law Teacher's Refresher Course.

CEERA, has been partnering with Central Pollution Control Board in organising Training programs for the officers of various State Pollution Control Boards and other industry professionals for over seven (7) years.

One of the first in India, to successfully be granted a World Bank project and thereafter being a steady choice for the Ministry of Environment Forest and Climate Change, CEERA has been entrusted with research projects and workshops to impart training to Forest Officers, Revenue Officers, Officers of the Central Pollution Control Board and also of the Government of Karnataka. CEERA is proud to have completed a two-year Research Project granted by the United

Nations Development Programme (UNDP) under the Global Environment Facility (GEF), and as one of the deliverables, organised, convened and conducted over twenty workshops at Institutions of national repute creating awareness on the Biodiversity Law and Access and Benefit Sharing (ABS) in less than 2 years. Two research publications on the scanty research area of biodiversity laws were also the outcome of this project.

CEERA has also made several publications in the area of environmental law, the law and public policy along with Newsletters, CEERA March of the Environmental Law, NLSIU's first e-Journal - Journal on Environmental Law, Policy and Development and manages two websites viz., www.nlsenlaw.org, wherein the law and policy on Environment is regularly updated, and www.nlsabs.com, a dedicated portal wherein the law and policy on Biodiversity Access and Benefit Sharing is updated periodically. All our publications are duly updated on our online portal www.nlspub.ac.in, which is open for subscription to all readers.
